

PRESENTATIONS PROGRAMME

March 18, 2010

V International Business-Conference "Heat Out of Waste"

Timing	Topic	Presenters
9.30	Outlook to bioenergy branch development in Russia in 2010-2011	Anton Ovsyanko, WOOD-PELLETS.COM
9.40	The Russian Governmental Programme for Energy Saving and Energy Efficiency. Current progress	Anton Ovsyanko, The National Bioenergy Union, Russia
10.00	Biofuel industry in Russia: Resources, trends, current state	Olga Rakitova, Phd., The Bioenergy International Russia, The National Bioenergy Union
10.30	Biofuel. Russian Market development outlook. "Strong Potential"	Eugeny Bukterov Ministry of Regional Development RF. The Pamfilov Academy of Utilities
11.00	Coffee break	
11.20	Approach for implementation of biofuel switch projects and new biofuel boiler houses and power stations construction	Sergey Pechnikov, Portal-Engineering Ltd.
11.40	Combustion of fuels with low temperature fluidized bed technology	Arthur Karapetov, CKTI, St.Petersburg
12.00	Experience in designing and planning of pellets fuelled power stations	Arthur Karapetov, CKTI, St.Petersburg
12.10	Energy generation with the use of biomass and biofuel through steam turbine technology	Boris Agafonov, ZAO Energotech, St.Petersburg
12.30	Co-generation based upon Organic Rankine Cycle Technology – EU implementation experience	Jose Ignacio Pedrajas, Prodesa Medioambiente
13.00	Lunch	
14.00	Biofuel boilers and boiler houses.	Vladimir Bezrukikh Baltkotleomash, St.Petersburg
14.20	Biofuel heating stations – an efficient solution	Maria Shulgina, MegaKone, Finland
14.40	Experience in development and serial manufacture of efficient biomass furnaces.	Pavel Slipchenko, SPiKo, Pskov
15.00	Low capacity pellets boilers – presentation	Sergey Karamyshev, Poly-NOM, St.Petersburg
15.20	Experience in development of technologies of modular heat and electricity production with the use of biomass and sewage sludge.	Mikhail Moiseev, Golden Dragon, Ukraine
15.40	Peltech – pellet boilers presentation	NIK Engineering, St.Petersburg
16.00	Coffee break	
16.20	Consumer market of fuel pellets	Alexander Solovyov, Novotop, Moscow
16.40	Pneumatic boiler cleaning systems – AEROVIT – an optimal solution of fuel quality problems	OKR Cleaning, Denmark
17.00	Experience in industrial pellets use in Russia	
17.20	The economies of biofuel use in Russia	Anton Ovsyanko, WOOD-PELLETS.COM

IV SPRING BIOFUEL CONGRESS, MARCH 18-20, 2010.

March 19-20, 2010

VI International business conference: "FUEL PELLETS. RUSSIA AND THE WORLD"

March 19

Timing	Topics	Presenters
9.30	The latest trends in the World pellets market in 2009 - 2010. Is there a perspective for Russian biofuel producers?	Anton Ovsyanko, WOOD-PELLETS.COM
9.50	Development of fuel pellets market and Industry in EU and the rest of the world	Olga Rakitova, Phd., The Bioenergy International Russia, The National Bioenergy Union
10.20	The idea of renewable energy business in Russia. Reality and particular opportunities for the market players	Mikhail Kolesnikov, OPORA ROSSII – non-profit organization, Moscow; Energy Committee
10.40	Collection and utilization of woodworking waste. Legislation aspect	Petr Bobrovsky, The National Packaging Union of Russia
11.00	Coffee break	
11.40	The World Pellets Market	Matti Lehtipuu, Peyry Management Consulting Ltd., Finland, Russia
12.00	The emerging market for agro pellets in EU. The technologies for production of fuel pellets out of straw and other types of agro waste.	Sergey Perederiy, EKO Holz-und Pellethandel GmbH, Germany
12.30	On the current state of the European market of solid fuels	Alexey Stanulevitch, Engran Ltd.
13.00	Lunch	
14.00	Peculiarities and problems to face by implementation of a pellets production project	Sergey Pechnikov, Portal Engineering Ltd.
14.30	Biomass drying technologies. Turnkey pellets production plants	Jose Ignacio Pedrajas, Prodesa, Spain
15.00	Industrial production of fuel pellets out of diverse biomass types: Why? What? How? How much?	Olga Roedl, CPM Europe BV, Holland
15.20	Innovative biofuel production technologies. AS-3 system for drying and disintegration. Practical experience with the serial machines gather in 1,5 years.	Pavel Slipchenko, SPiKo, Pskov
15.40	Low capacity pelleting line by Sweden power Chippers	Sergey Krylov, Poli-NOM
16.00	Coffee break	
16.20	Technological transport equipment	To be specified
16.40	Wood preparation section for biofuel production	Alexander Zuev, Bruks Kloeckner
17.00	Biomass briquetting technology	Vladimir Avshtolis, PINIBRIKET, Ltd.
17.20	Bioenergy related projects financing in Russia	SP Garant Plus Ltd.
17.40	Biofuel projects financing through Kyoto mechanisms in Russia	M.Katinov, National Organization for Support of Carbon Reduction projects
18.00	The problems of bioenergy projects financing	Alexey Stanulevitch, Engran Ltd.

Congress sponsors: EcoEnergy Ltd., CPM Europe, Portal-Engineering Ltd.

IV SPRING BIOFUEL CONGRESS, MARCH 18-20, 2010.

March 20

Timing	Topics	Presenters
9.30	The investment cost analysis for biofuel production plants construction in Russia	Anton Ovsyanko, Portal-Engineering Ltd.
10.00	Experience in complex biofuel production planning and design	Sergey Rakov, Yuriy Vergeychik, Ecodrevprom
10.30	The issue of quality lubrication materials choice for the pelleting process	Andrey Chuvanov, Inter-Oil
11.00	Coffee break	
11.20	Peat sourcing and preparation for fuel use	Alexander Timfeev, TGTU, Tver
11.40	Screw extrusion for small scale peat fuel production plant	A.Mikhailov, phd., K. Epifantsev Gorny Institute, St.Petersburg
12.00	Experience in fuel briquetting plants construction	Svetlana Alexandrova, Forwood Technology
12.20	Company presentation	RusAtlas
12.40	Experience in modular biomass briquetting plants.	Mikhail Moiseev, Golden Dragon Ltd., Ukraine
13.00	Lunch	
	Project presentation	Magistral, Ltd.
	Solid biofuel quality and standards,	Anton Ovsyanko, Portal-Engineering Ltd.
	Fuel pellets reloading in the seaport of St.Petersburg	To be specified
	MK soft containers for transportation, storage and reloading of fuel pellets	ZAO NTT
	Biofuel buyers presentations	
	Investors presentations	
	Company presentations
